

CREATIVITY LABS

Creativity labs on **integration paths for Third National Country (TNC) migrants** that cultivate creative expression through **photography, theatre, filmmaking, and social economy**

The labs will enhance the **skills and competences** of TCNs and **promote creative expression** as a form of **social inclusion and integration**

Main phases

-  **SELECTION** - Between 10 and 15 TCN migrants will be selected through a call for participants in Belgium, Czech Republic, Greece, Spain, Turkey, and the UK
-  **TRAINING** - The Labs will be a mix of self-learning sessions and complementary classroom training. The platform will include exercises, printable material, games, short quizzes
-  **EVALUATION** - A survey will be shared among the participants to describe how they use the knowledge, skills and values presented at the labs

A final event will be held in each country to present the results

 The implementation of the labs will put into practice the knowledge, skills and methodology acquired during the online training by professionals, educators and volunteers working with TCN trainees
